

# Premier Contracted Offerings

Below is a listing of group purchasing categories available through Premier. Categories are shown as they are sourced by Premier. For additional information related to these categories, see [Premier's Portfolio Books](#) in the Supply Chain News community, which provides a view of supplier offerings in a particular area of focus. Executive summaries for each contract category include awarded suppliers, category descriptions of included products and services, supplier contacts, operational details and links to launch resources.

Last updated March 13, 2024

| Clinical Laboratory  |  |
|--|--|
| <b>Autoimmune Testing Analyzers, Reagents, Consumables and Service</b><br><b>Expires March 31, 2025</b><br><br>This category includes analyzers that perform testing for autoimmune diseases. These tests aid in the diagnosis and management of autoimmune diseases and immunoglobulin E (IgE) allergic disorders.<br><br>Awarded suppliers: Phadia   | <b>Automated Blood Culture Analyzers, Reagents, Consumables and Service</b><br><b>Expires October 31, 2024</b><br><br>This category includes instruments designed for the rapid detection of bacterial and mycobacterial organisms growing in blood culture bottles.<br><br>Awarded suppliers: BD, bioMerieux  |
| <b>Automated Microbial Identification and Susceptibility Analyzers, Reagents, Consumables and Service</b><br><b>Expires October 31, 2024</b><br><br>This category includes automated instruments that identify micro-organisms and determine the lowest concentration of antimicrobial agent that will inhibit growth in clinical cultures.<br><br>Awarded suppliers: Beckman Coulter, bioMerieux            | <b>Blood Bank Analyzers, Reagents, Consumables and Service</b><br><b>Expires January 31, 2025</b><br><br>This category includes products that are used for automated and manual testing in the blood bank.<br><br>Awarded suppliers: Grifols, Immucor, Ortho-Clinical, Quotient  |
| <b>Blood Gas Analyzers, Reagents, Consumables and Service</b><br><b>Expires April 30, 2027</b><br><br>This category includes benchtop analyzers used to monitor patients' acid-base balance and oxygen-carbon dioxide exchange, which provide the clinician with information to use in patient diagnosis and regulation of therapy.<br><br>Awarded suppliers: Nova Biomedical, Radiometer, Siemens, Werfen   | <b>Blood Glucose Meters, Reagents, Consumables and Service</b><br><b>Expires March 31, 2030</b><br><br>This category includes blood glucose handheld meter systems that are primarily used in acute care facilities to determine the approximate concentration of glucose in the blood. The system includes the meter and hardware/software needed to transmit the patient results with the electronic medical record (EMR), health information system (HIS) or laboratory information system (LIS).<br><br>Awarded suppliers: Nova, Roche |
| <b>Chemistry and Immunochemistry Analyzers, Reagents, Consumables and Service</b><br><b>Expires March 31, 2025</b><br><br>This category includes clinical chemistry analyzers, immunoassay analyzers and integrated laboratory analyzers that perform both clinical chemistry and immunoassay testing.<br><br>Awarded suppliers: Abbott, Beckman Coulter, HORIBA, Ortho-Clinical Diagnostics, Roche, Siemens | <b>Clinical Reference Laboratory Testing Services</b><br><b>Expires September 30, 2026</b><br><br>This category includes accredited laboratories who perform testing on patient samples and provide a varied menu of laboratory procedures including routine tests with minimal complexity to esoteric tests with high complexity.<br><br>Awarded suppliers: Achieve Health Management, ARUP, LabCorp, NeoGenomics, Quest  |
| <b>Coagulation Analyzers, Reagents, Consumables and Service</b><br><b>Expires July 31, 2024</b><br><br>This category includes products used to provide coagulation testing. Hemostasis testing is used to diagnose coagulation disorders and to monitor patients on anti-coagulant medicines.<br><br>Awarded suppliers: Siemens, Stago, Werfen   | <b>Digital Pathology Systems, Accessories and Service</b><br><b>Expires May 31, 2025</b><br><br>This category includes products used to create digital images from glass slides that can be accessed, archived and retrieved over networks and integrated into laboratory or hospital information systems.<br><br>Awarded suppliers: Apollo, Eprexia/Richard-Allan, Leica, Olympus/Evident Scientific, Philips, Roche  |

# Premier Contracted Offerings

## **Genetic Sequencing**

**Expires January 31, 2026**

This category includes instruments, reagents and/or consumables for sequencing the DNA or RNA to study genetic variation associated with diseases or other biological phenomena. This category also includes but is not limited to extraction kits, sample library and preparation materials, quality control, service and data analysis.

Awarded suppliers: Life Technologies, PGDx

## **Histology and Cytology Products, Equipment and Service**

**Expires January 31, 2029**

This category includes products, equipment and service used in histology, cytology or morgue/autopsy to collect, prepare, fix, preserve and stain samples for evaluation.

Awarded suppliers: Leica, Mercedes, Richard-Allan, StatLab, Typenex

## **Laboratory Equipment, Accessories and Services**

**Expires March 31, 2027**

This category includes laboratory equipment, such as refrigerators, freezers, centrifuges, incubators, rotators and cell washers and associated accessories. These products are used to prepare, handle and store laboratory reagents, specimens, blood and blood products.

Awarded suppliers: B. Medical, Beckman, Cardinal Health, Fisher Scientific, Helmer, Hettich, Labconco

## **Laboratory Tests and Vaccine Technology Services**

**Expires December 31, 2024**

This category includes services that provide technology solutions to implement laboratory tests and vaccine tracking for employees and patients. These services will help to streamline the testing and vaccination process, tracking and reporting.

Awarded suppliers: 1Health, Quest

## **Microbiology Automation**

**Expires May 31, 2024**

This category includes solutions that automate the daily tasks within the microbiology department.

Awarded suppliers: Beckman Coulter, bioMerieux

## **Molecular Analyzers, Reagents, Consumables and Service**

**Expires January 31, 2029**

This category includes analyzers that analyze DNA or RNA at the gene, chromosome or genome level to identify the source of a disease or identify factors that detect disease susceptibility or progression.

Awarded suppliers: Abbott, Achieve, Empire Genomics, Precipio, Roche

## **Multi-Plex Molecular Panel Testing**

**Expires January 31, 2029**

This category includes multi-plex molecular panels with more than five targets designed to assist in the diagnosis of blood stream, respiratory track, gastro-intestinal or central nervous system infections.

Awarded suppliers: Luminex, Roche

## **Hematology Analyzers, Automation, Reagents, Consumables and Service**

**Expires July 31, 2025**

This category includes hematology analyzers, reagents, consumables and hematology analyzer services used to provide hematology testing. The primary focus of hematology testing is the diagnosis of disease related to the production of blood and/or its components.

Awarded suppliers: Abbott, Beckman Coulter, Siemens, Sysmex

## **Laboratory Analytics**

**Expires October 31, 2025**

This category includes products that provide detailed laboratory management analytics. Analytics may provide data related to productivity, turnaround time, test utilization and other components required to effectively operate and manage clinical and anatomic laboratories.

Awarded suppliers: bioMerieux, Quest

## **Laboratory Specimen Collection**

**Expires November 30, 2024**

This category includes Food and Drug Administration (FDA)-cleared blood collection tubes/containers used for the collection of venous and capillary blood specimens from adults, children and neonates.

Awarded suppliers: Avantik, BD, Caresfield, Greiner, S2S Global, Sarstedt, Tetra

## **Manual Microbiology**

**Expires April 30, 2024**

This category includes products used in the manual processes of isolation and identification of micro-organisms in the clinical laboratory.

Awarded suppliers: BD, Hardy, Merit Medical, Remel, Ruhof, Typenex

## **Microscopes, Accessories, Parts and Service**

**Expires January 31, 2027**

This category includes general, clinical and research microscopes used to examine tissue, body fluids and other materials.

Awarded suppliers: Evident, Leica, Nikon

## **Molecular Rapid Qualitative Screening**

**Expires January 31, 2029**

This category includes Food and Drug Administration (FDA)-approved in vitro diagnostic tests that provide rapid results. These methods analyze DNA or RNA to provide disease diagnosis.

Awarded suppliers: BD, Luminex

## **Near Patient Testing (NPT) Clinical Chemistry/Immunoassay**

**Expires October 31, 2026**

This category includes small bench-top analyzers that perform chemistry and immunoassay testing in the clinical laboratory or in areas adjacent to patient care.

Awarded suppliers: bioMerieux, Nova Biomedical

# Premier Contracted Offerings

## **Near Patient Testing (NPT) Drugs of Abuse and/or Additional Tests**

**Expires February 28, 2026**

This category includes small analyzers that perform drugs of abuse testing and may include additional tests categories that are performed on the analyzer.

Awarded suppliers: Hemosure, MEDTOX, Mercedes Scientific

## **Point of Care (POC) Blood Gas and Additional Tests**

**Expires March 31, 2025**

This category includes handheld analyzer devices used for blood gas testing and additional tests at the patient's bedside. The analyzers provide immediate test results which provide the clinician with information to use in patient diagnosis and regulation of therapy.

Awarded suppliers: Siemens

## **Quality Control Material**

**Expires March 31, 2026**

Laboratory quality control is designed to detect, reduce and correct deficiencies in a laboratory's internal analytical process prior to the release of patient results in order to improve the quality of the results reported by the laboratory. Quality control is a measure of precision, or how well the measurement system reproduces the same result over time and under varying operating conditions. Products in this category are tested in the same manner as patient samples.

Awarded suppliers: Bio-Rad, Microgenics

## **Safety Phlebotomy**

**Expires November 30, 2024**

This category includes safety-engineered devices approved by the Food and Drug Administration (FDA) for the collection of blood specimens.

Awarded suppliers: BD, Greiner, HTL-STREFA, ICU Medical, Kawasumi, Kurin, Magnolia, MediPurpose, Medline, RTI, S2S Global, Sarstedt

## **Transfusion, Blood Donor Services, Equipment and Supplies**

**Expires September 30, 2024**

This category includes products and equipment approved by the Food and Drug Administration (FDA) for donor blood collection, blood component processing and transfusions.

Awarded suppliers: Haemonetics

## **Plasticware and Glassware**

**Expires July 31, 2024**

This category includes laboratory plastic and glass products, such as test tubes, containers, cuvettes, assay plates, petri dishes, cell cultureware and pipettes.

Awarded suppliers: Sarstedt

## **Point of Care (POC) Coagulation**

**Expires July 31, 2025**

This category includes point of care testing providing results regarding coagulation values. Applications include the monitoring of coumadin with international normalized ratio (INR) values and monitoring of heparin with activated clotting time values.

Awarded suppliers: HemoSonics, Werfen

## **Rapid Diagnostic Test Kits**

**Expires October 31, 2024**

This category includes laboratory test kits that provide results in less than 30 minutes.

Awarded suppliers: Achieve Health Management, Cardinal Health, LumiraDx, OraSure

## **Specialty Distribution - Laboratory and/or Research Products**

**Expires December 31, 2024**

This category includes distributors of laboratory equipment and products, such as reagents, blood collection products, and rapid kits.

Awarded suppliers: Cardinal Health, Fisher, McKesson, Medline

## **Urinalysis Analyzers, Reagents, Consumables and Service**

**Expires November 30, 2025**

This category includes urinalysis analyzers, reagents, consumables and analyzer services. These products provide diagnostic results which identify and quantify the amount of cellular material and chemical results in urine samples for diagnostic use.

Awarded suppliers: Beckman, Sysmex
