

# YOUR COMMUNITY HEALTH CENTER PARTNER

Resources to help you reach your health center's goals.

## CUSTOMIZED SOLUTIONS AND PRICING

Part of what has helped us carve out our place in the public health segment is Patterson's long-standing dedication to addressing the needs of America's community health centers. Through our comprehensive solutions, Patterson is dedicated to helping health centers expand, improve and optimize quality, cost-effective care to local communities across the nation. We study trends to deliver new solutions, while still keeping those that are tried and true.

We bring you the latest equipment, technology and software to help you improve care, operations and efficiency, minimize downtime and expand the types of procedures you offer. We work with leading manufacturers to offer an impressive equipment and technology portfolio filled with both time-tested and new solutions, combining proprietary and industry-best software options to give you everything you need to keep your health center functioning optimally. We back all of our solutions with the industry's most responsive service and support, and we help you with installation, training and onboarding.

And, we tailor our pricing for your health center's specific needs so you can receive the best value possible.

**TRUSTED EXPERTISE. UNRIVALED SUPPORT.™**

# HEALTH CENTER SOLUTIONS ARE OUR BUSINESS

We are committed to delivering value-added services designed to help you serve your local community.  
We are proud to be your resource for:

**FORMULARY STANDARDIZATION** – We will work with your team to streamline your purchasing, save you time and create custom formularies for your specific needs.

**FULLY INTEGRATED DIGITAL SOLUTIONS** – Every health center – new, established or expanding – has room to grow. With digital technology, it's easier than ever to improve the quality of patient care and enhance your workflow. Whether you've upgraded before, or are looking to improve patient experience through technology, our team can help you find the right fit.

**INSIGHTS AND REPORTING** – We have reporting capabilities in [pattersondental.com](https://pattersondental.com) that can help you plan your monthly budgets, keep track of inventory levels and save time, keeping you out of the supply closet and in the operator. Available information includes reports by location, purchase history, order frequency and spending analysis by vendor and product category.

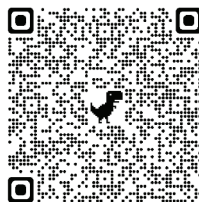

**CONTINUING EDUCATION OPPORTUNITIES** – We make it a priority to ensure all your team members have access to free, accredited dental continuing education (CE) webinars and other opportunities.

**COMMUNITY GRANTS AND SUPPORT** – Our company and our Patterson Foundation are committed to making a difference in the community. We help nonprofits through employee volunteerism, in-kind donations, grants and support for community events. Find out more by scanning the QR code or visiting [ourpattersonfoundation.org](https://ourpattersonfoundation.org).

**ABOUT CNECT** – CNECT is a national Group Purchasing Organization (GPO) dedicated to helping healthcare and business professionals optimize their procurement processes and reduce costs. By leveraging the collective purchasing power of its members, CNECT negotiates discounts and exclusive pricing with a broad network of suppliers.
