

STAY CONNECTED, ANYWHERE, ANYTIME

Granite's Multi-Carrier SIM ensures uninterrupted connectivity, roaming intelligently to find the strongest signal worldwide, regardless of carrier. With Granite, your devices stay connected seamlessly, no matter where they are. Granite's solution spans **600+ domestic and global carriers across 150+ countries** and can be deployed as a physical or embedded SIM. We can also **provide specific carrier (Verizon, ATT, or T-Mobile) if your network requires a carrier specific solution.**

KEY FEATURES

» **CONNECT EVERYWHERE, EVERY TIME**

Granite's Multi-Carrier SIM ensures seamless connectivity by automatically linking to the strongest mobile signal worldwide, leveraging a vast network of carriers. It's like having a contract with every carrier, but simplified into one.

» **COMPLETE MANAGEMENT**

Granite's Multi-Carrier SIM consolidates management with its unified platform, providing a single pane of glass for effortless oversight and control of all your connectivity services.

» **COMPETITIVE PRICING**

Granite's Multi-Carrier SIM offers competitive pricing, ensuring cost-effectiveness without compromising on connectivity or service quality.

» **24/7 GRANITE CUSTOMER SUPPORT**

Access to Granite's award-winning Premier customer service support platform.

» **FLEXIBILITY**

Choose between self-service or Granite-controlled management, delivering unparalleled adaptability and convenience.

» **ENDLESS USE CASES**

Discover endless possibilities with Granite's eSIM, tailored to accommodate a multitude of diverse use cases across industries from global supply chain management to remote workforce support, revolutionizing connectivity solutions with versatility and innovation.

THE GRANITE ADVANTAGE

ONE BILL.
ONE PROVIDER.
ONE POINT OF CONTACT.
AND INTRODUCING ONE SIM.
