COVER YOUR BASES

with Restorative Products from Young Innovations

HAND INSTRUMENTS

Trusted by generations of dental professionals around the world, every

American Eagle Instrument begins with premium materials and a visionary design.

OUR FULL LINE OF RESTORATIVE INSTRUMENTS INCLUDE:

COMPOSITE

These instruments are known for their exceptionally smooth surface and boast no sticking or pull back.

BURNISHERS

An ideal choice for precision placement, packing, contouring and sculpting.

CARVERS

Meticulously carve anatomy, contour surfaces and remove excess material with ease using our high quality and durable carvers.

DISPOSABLE MATRIX SYSTEMS

Pro-Matrix bands are convenient, time-saving and available with a standard matrix band and a contoured band to allow for a customized, single-use solution for amalgam and composite restorations for use in all quadrants in every class.

MICRO APPLICATORS

Our original award-winning Microbrush applicators feature non-absorbent fiber tips and a bendable neck to give dentists maximum control of their procedures. Packaged in convenient, practical tubes for hygienic dispensing or tray refills designed to fit in the Microbrush sion™ dispenser. For single use and offered in a variety of sizes and colors and a new, ultrafine applicator size with 0.5mm diameter.

MOISTURE CONTROL

DryTips® and Reflective DryTips® far outlast the saliva absorption capacity of cotton rolls and other absorbent pads, and they do not lose moisture when handled. DryTips facilitate the work far back in the oral cavity by keeping the procedure area clean and dry.
