Who is Allied?

Allied Medical Waste is a national provider of compliant Medical Waste Disposal, Secure Document Destruction, and Hazardous Waste Management solutions. We serve approximately **10,000 facilities across the United States**, ranging from independent clinics to large healthcare groups.

Our service model is built on flexibility, responsiveness, and transparency — all backed by a network of trusted, pre-vetted service partners. This allows us to deliver consistent, high-quality service in any geography while maintaining the personalized experience of a local vendor. Our difference lies in blending the personalized care of a local provider with the resources and focus of a national organization built around the customer.

This model—combining trusted local partners with a flexible, customer-focused national infrastructure—has fueled Allied’s rapid growth. Since launching in 2017, we’ve scaled to over \$50 million in annual revenue, servicing some of the largest healthcare organizations across the U.S. For five consecutive years, Allied has been the fastest growing company in this space. This success is a direct result of our commitment to providing exceptional service, no matter the size, location, or complexity of the customer’s needs.

Service Capabilities

Medical Waste Disposal

Allied provides reliable, fully compliant scheduled or on-call pickup of regulated medical waste, including red bag waste, sharps, chemo waste, pharmaceutical waste, and other medical waste. Our teams are trained to handle all classifications of medical waste in accordance with federal, state, and local regulations.

Every customer receives access to our secure online portal, where they can easily retrieve manifests, service logs, compliance documentation, and invoices at any time. DOT-compliant packaging and manifests are included with every service to ensure regulatory compliance.

Flexible pickup schedules are available to meet the specific operational needs of any facility—from high-volume laboratories to low-frequency outpatient clinics.

Secure Document Shredding

Allied provides HIPAA-compliant document destruction tailored to the needs of healthcare facilities and other organizations handling sensitive information.

We supply secure, locking collection containers, available in various sizes to accommodate space and volume requirements.

Proof of destruction is provided after every service visit, ensuring full compliance with HIPAA, FACTA, and other data protection regulations.

Hazardous Waste Management

Allied Medical Waste offers comprehensive management of hazardous waste streams tailored to healthcare and commercial facilities, including the collection, profiling, transportation, and disposal of: Hazardous materials and chemicals, Universal waste, Expired pharmaceuticals and controlled substances.

Our services are fully managed in strict accordance with EPA, DOT, OSHA, and all applicable local and state regulations to ensure safety and compliance.

Service Model:

National Reach, Local Flexibility:

Allied's **hybrid service model** uses a combination of in-house operations and **trusted regional partners**. This approach delivers:

- **Unmatched Flexibility:** We can service nearly any waste stream, at any facility, anywhere in the U.S.
- **Consistent Quality:** All partners meet Allied's strict compliance, safety, and service standards.
- **Speed and Scale:** We move quickly, whether onboarding a single location or coordinating nationwide rollouts.
- **High-Touch Customer Service:** You'll work with a dedicated rep who manages your account end-to-end.

This model allows us to operate without the limitations of a fixed fleet or territory — providing a better experience for customers that need both local attention and national coverage.
