

HEALTHCARE SERVICES

THE ONLY PARTNER YOU'LL EVER NEED

From everyday challenges to unexpected catastrophic events, FIRST ONSITE has the team, resources, and experience to assist you through whatever comes your way.

HEALTHCARE SERVICES INCLUDE

✓ 24 HOUR EMERGENCY SERVICES

Water mitigation, mold remediation and fire damage restoration are all performed to the highest ICRA and restoration industry standards.

✓ INFECTION CONTROL AND PREVENTION

Critical barrier and anteroom construction, HEPA air scrubbing and negative pressurization in order to ensure that facility occupants are safe from airborne contaminants.

✓ ASBESTOS ABATEMENT

Removal, disposal, and encapsulation of asbestos is conducted in accordance with all Federal, State and Local regulations while complying with TJC and OSHA.

✓ BIOCONTAINMENT SUPPORT

Our biosafety services are designed to provide rigorous protection and containment of biohazards, reducing the associated risks, and keeping building occupants safe.

✓ DECONTAMINATION

Our decontamination services use the latest eco-friendly technologies to target and eliminate air and surface bacteria as well as bacterial spores and inactivate viruses, mold and mold spores.

✓ DUCT, HOOD AND VENT CLEANING

We follow all Federal, State and Local regulations for Infection Control and Prevention as well as ASHRAE / ASHE and NADCA standards for HVAC cleanliness protocols.

✓ EMERGENCY OPERATIONS PLANNING AND TRAINING

In addition to leading you through disasters when they occur, FIRST ONSITE also has experience in developing emergency response plans that help you stay ahead of unexpected events to minimize the disruption to your facility.

SAFETY & TRAINING

Our employees undergo a rigorous Healthcare training program that includes hundreds of hours of didactic and on the job training. This program includes standard industry training, ICRA, ILSM and HIPAA compliance but we take it a step further by requiring our employees to be versed in a multitude of additional areas. We also maintain rigid best practices in accordance with CDC, NIH, EPA, OSHA, The Joint Commission, CMS and other regulatory agencies.
