How a CNECT Membership Benefits Your Organization

Who Is CNECT?

CNECT is a group purchasing organization (GPO) that gives its members access to exclusive discounts on more than 4.3 million products. For more than 47 years, we've helped our members reduce their costs, refine their purchasing strategies, and spend more time supporting their patients.

What Is a Group Purchasing Organization?

A group purchasing organization is a company that leverages the purchasing power of its members to negotiate special pricing with suppliers. As a result, its members have access to the products they need at prices they would not otherwise be offered.

How CNECT Benefits You

Become a CNECT member and experience all the benefits with absolutely no fees. Through our agreements with reputable suppliers, you get access to discounted prices on the supplies you buy regularly; savings that quickly add up.

Working as an extension of your team, our support staff will take the time to understand your facility and its purchasing needs before highlighting the contracts that will have the biggest impact on your organization and your budget.

Maximizing the Impact of Your CNECT Membership

Make your budget go further by taking advantage of CNECT's discounts on more than 4.3 million products and services.

Reduce your workload and save valuable time by utilizing CNECT as an extension of your procurement team to source suppliers, identify new savings opportunities, and ensure you're accessing the lowest prices possible.

Combat product shortages by taking advantage of our contracts with more than 1,500+ reputable, sourced suppliers to access alternatives when items you need are unavailable.
